

2021 solar container expo agenda

Overview

SWC 2021 took place from 25-29 October 2021 and featured 31 technical sessions, 14 keynote speeches on the status and trends of specific technologies, 11 plenary sessions and special events, and 6 topical forums. Imagine a hybrid energy storage system that combines the subtlety of a Turkmen carpet pattern with the brute force of a desert sandstorm. Since FIT policy is reduced by recently aggravated finance in Europe and economic depression, the market of global photovoltaic industry is expanding from Europe to Asia. How many exhibitors are planning to attend the event?

Solar, Storage, and Smart Energy Expo: Northern California brings around 30 exhibitors to participate in the event. What type of products / services will be showcased in the event?

Renewable Energy etc. Join discussions on the hottest topics surrounding ports and terminals, from connecting the globe through accelerated digitalisation to the green strategies that will drive future sustainability efforts.
