

American ancient solar container welder

Overview

It was a science first conjured amid the fiery ovens of ancient blacksmiths; today more than 50% of all U. Most machines that are capable of being used for GMAW, gas-shielded FCAW, and gasless FCAW will have provisions for changing the polarity of the output of the machines. During the Bronze Age (around 3000 BC), small gold circular boxes were made by pressure welding lap joints. Does anybody have experience with a Solar Welder?

I know where one is for sale but a ways off from here. I expect them to be consumer grade, nothing wrong, just not something I would use everyday.
