

Announcement of the winning bidder of the national energy solar container power station

Overview

ACME Solar Holdings Ltd (ACME Solar) has emerged as the winning bidder for 130 MW under REMCL's tender for 1 GW of round-the-clock (RTC) power from renewable energy projects. Scheduled for completion in Q3 2025, this 800MWh lithium-ion facility will store enough energy to power 350,000 homes during evening peaks. What makes it special?

It's paired with existing solar farms through an AI-driven energy management platform that predicts consumption patterns. Award announcement implies company (s) received an award and the work will begin soon. According to the provisions of Article 36 (1) of the the People's a?
