

# Botswana solar container state-owned enterprise

## Overview

---

has signed a power purchase agreement with a consortium of Chinese enterprises and other companies to construct a 100 MW solar plant in southern Botswana. From innovative battery technologies to intelligent energy management systems, these solutions are transforming the way we store and distribute solar-generated electricity. What is LZY's mobile solar container?

This is the product of combining collapsible solar panels with a reinforced shipping container to provide a mobile solar power. That's the paradox Botswana's been facing - until now. The project is expected to start generation by the end of the project, and issued a generation license.

## Botswana solar container state-owned enterprise
