

British group invests in solar container project

LiFePO₄ Battery, safety

Wide temperature: -20~55°C

Modular design, easy to expand

Wall-Mounted&Floor-Mounted

Intelligent BMS

Cycle Life: ≥ 6000

Warranty: 10 years

Overview

British Solar Renewables (BSR), an integrated solar project developer in the U. The project includes a 150 MWp solar installation co-located with a 60 MW battery energy storage. London/New York, 26 September 2024 - In a move set to power up Great Britain's green energy future, Octopus Energy's generation arm announces plans to pump £2 billion into UK clean energy projects by 2030. Exagen, which develops utility-scale renewable energy and storage projects, said on Tuesday it has generation capacity of more than 2.
