ON GRID/HYBRID

PROTECTION IP54/IP55

BATTERY /6000 CYCLES

Overview

Repurpose a standard file cabinet into a robust, cost-effective tool storage unit built to handle heavy loads. This conversion leverages the inherent metal structure and vertical design of the office unit, transforming it into a functional and organized. With a little research, a bit of DIY know-how, and some patience, you can convert a normal piece of furniture into a great AV equipment cabinet. Small LED strips under shelves highlight special bottles and create evening ambiance. Whether tucked in a cozy corner or commanding attention in the living room, a repurposed china cabinet can redefine your space while providing practical solutions.
