Overview

The user's body is capable of containing an infinite amount of gamma radiation, they can absorb as much as they want. So hulk uses atoms near him with fusion to create body mass from what ever environment the hulk is in. From The Incredible Hulk Season 4 Episode 3 'Deep Shock' - A corrupt politician sabotages an aerial exhibition team employing Banner. Apocalypse even declared the energy provided by the Hulk could be employed to prevail over the Celestials themselves. The Hulk is a powerful force of nature, but how is it that Bruce Banner can become the infamous Jade Giant?

Sure, everyone knows that when the mild-mannered scientist loses his temper, he becomes a creature of overwhelming size and strength, but what is the science behind Hulk's power, and is there.
