

Central europe sao tome solar container subsidy policy

Overview

A new subsidy scheme for residential solar-plus-storage installs is now live in Bavaria. The state in southern Germany will provide EUR500 (US\$550) for a storage system of at least 3kWh and a further EUR100 (US\$110) for each additional 1kWh up to a maximum of EUR3200 (US\$3530). At present, the energy expenditures of São Tomé and Príncipe consume a substantial portion of the national budget, while debt servicing hampers our ability to prioritize other critical sector , such as healthcare and education for the youth. Although around 70% of rural areas in STP are electrified, many communities remain off-
