

# Join the solar container track

## Overview

---

Enter container number here, should have format XXXU1234567 Shipping company will be selected automatically when possible Track with options or direct?

If you know of any companies offering tracking that is not included please contact us!. With Hoopo tracking you always know where your containers are and where they are headed. SolarLive is our solar powered GPS Tracker that has been specifically designed with shipping containers in mind. It's built for flexibility, longevity and extreme robustness on all kinds of non-power-supplied assets. 94% of serious crashes are tied to human factors like speeding, inattentiveness, and aggressive driving. IoTgo<sup>®</sup> Track-Solar, from G+D, is a maintenance-free tracking device that enables real-time location and condition sharing for all logistics assets that have no power supply.
