

Jordan solar container power station policy

Overview

Jordan has approved a new permanent electricity law which includes incentives for investment in the power storage and green hydrogen projects under public-private partnership (PPP) model, the Arab country's Energy and Mineral Resources Minister has said. The Ministry of Energy and Mineral Resources (MEMR) introduced the updated Renewable Energy and Energy Efficiency Law (12) of 2024, followed by Bylaw (58) of 2024. The new Jordan Industrial Park Energy Storage Policy addresses grid stability while supporting solar/wind integration.
