

Lebanon solar container exhibition highlights

Overview

The exhibition showcases cutting-edge construction technologies, sustainable energy solutions, and infrastructure advancements, offering unmatched B2B networking and investment opportunities. As Lebanon enters a new era of development, Project Lebanon 2026 remains the country's leading construction, infrastructure, and renewable energy exhibition. Now celebrating its 27th edition, the event will take place from 16 to 19 June 2026 at the Seaside Arena, Beirut New Waterfront. Let's get real - Lebanon might be better known for cedar trees than clean tech, but here's the kicker: the MENA region needs 100 gigawatt-hours of annual storage capacity [1] to handle its solar ambitions.
