

# List of construction companies of bolivian pumped storage projects

Application scenarios of energy storage battery products

## Overview

---

The following page lists all pumped-storage hydroelectric power stations that are larger than 1,000 MW in installed generating capacity, which are currently operational or under construction. Find detailed information on Heavy and Civil Engineering Construction companies in Bolivia, including financial statements, sales and marketing contacts, top competitors, and firmographic insights. With 80% of untapped capacity located in very remote areas, it has a project pipeline that.
