

# **Professional solar container welding machine**

## Overview

---

Mobile Fuel Station Mobile fuel station Fuel tank container mobile petrol filling station makes use of technological explosion barrier and will not explosion when meeting fire, static electricity, hitting, lightn. As the global push towards clean energy intensifies, the solar container welding production. This welding machine has been operating in two shifts since 2010 without stopping for 12 years. These containers are ordered by different customers, with different specifications and process requirements.
