

Rfc solar container

Overview

The container is equipped with foldable high-efficiency solar panels, holding 168–336 panels that deliver 50–168 kWp of power. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. That is why we have developed a mobile photovoltaic system with the aim of achieving maximum use of solar. LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere. It provides clean, efficient power wherever you need it and can also generate profit. Sensitive solar arrays can be effectively protected from storms, vandalism and all possible threats. Especially in remote areas it can guarantee a stable energy supply or support or almost replace a public grid with strong power fluctuations, as well as diesel.

Rfc solar container

Solar Container , Large Mobile Solar Power Systems
