Overview

Solar ing Ltd is a small and stable family – owned business, now in its 2nd generation. Credit: Ezra Group A public-private partnership in South Sudan has launched the country's first major solar power plant and Battery Energy Storage System (BESS) in the capital Juba, where it is expected to provide electricity to thousands of homes. Why should you choose a lithium-ion battery storage container?

Flexibility and scalability: Compared with traditional energy storage power stations, lithium-ion battery storage containers can be transported by sea and land, no need to be installed in one fixed place and subject to geographical.
