

Screw for solar container housing

Overview

Self-tapping screws: Mounting brackets are ideal for angled placements, especially on roofs or in fields. Material: Priority is given to weather-resistant stainless steel screws or bolts to ensure that. Design support one rows of 12 modules in portrait when placed on a single width container structure. As the Solar Fastener Expert (SFE), Mudge has extensive experience and knowledge that Solar Contractors, Racking Manufacturers and Solar Distributors can rely on to make their businesses run more smoothly.
