

# **Shunhao business park established an solar container company**

## Overview

---

Their BESS uses containerized, plug-and-play modules that can scale capacity by 200% without infrastructure changes. With electric vehicle charging demand projected to triple by 2027, this flexibility prevents costly retrofits down the line. For massive complexes like Shunhao Business Park, which spans 68 hectares with 50+ manufacturing tenants, the old energy playbook just doesn't cut it anymore. Last month alone, three factories there temporarily halted production during peak tariff hours. The first is utility-scale storage, also known as grid storage, which is built alongside wind and solar farms, typically in remote areas. LZY offers large, compact, transportable, and rapidly deployable solar storage containers for reliable energy anywhere. Valuable research and technology reports Get full access to view your D&B business credit file now for just \$39/month! Find company research, competitor information, contact details & financial data for Linq County Shunhao Solar Power Business Center of Weifang, Shandong.
