

# **Small solar container automatic fire extinguishing device**

## Overview

---

Designed for small, fire-prone rooms - Protects electrical control boxes, lithium battery storage, solar generators, vehicles, ship cabins, kitchens, fuse boxes, RVs and other tight spaces with fire hazard. Instant fire suppression at  $170^{\circ}\text{C} \pm 10^{\circ}\text{C}$  - The Ferosticker F03 automatically activates at  $170^{\circ}\text{C} \pm 10^{\circ}\text{C}$  and releases an aerosol that immediately extinguishes the fire by interrupting combustion. It offers fast, automatic fire protection in enclosed spaces with a protection volume of 0. The PVSTOP Handheld Vessel is a revolutionary, professional-grade safety device designed for the quick and effective deactivation of solar panels during emergencies.
