

Solar container air conditioning equipment manufacturing

IP65/IP55 OUTDOOR CABINET

ALUMINUM

OUTDOOR ENERGY STORAGE CABINET

OUTDOOR MODULE CABINET

Overview

Designed for global distributors, contractors, and brand owners, our solar powered air conditioners help reduce energy costs, lower carbon emissions, and bring reliable comfort to homes and businesses worldwide. These systems take in the sun's energy to put heat into the refrigerant, a process normally carried out entirely. At Container Technology, we offer a wide range of HVAC solutions designed to meet the needs of businesses across industries, from construction and retail to agriculture and healthcare. Whether you need simple ventilation or complete temperature regulation, our HVAC modifications help you maintain. The container is equipped with foldable high-efficiency solar panels, holding 168-336 panels that deliver 50-168 kWp of power.
