

Solar container enterprise orders

Overview

Modular, solar-powered shipping-container systems for remote living and businesses. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever. It provides clean, efficient power wherever you need it and can also generate profit. The container is equipped with foldable high-efficiency solar panels, holding 168-336 panels that deliver 50-168 kWp of power. We are proud to partner with one of the leading providers of factory installed solar options for shipping containers.
