## Solar container system testing patent

---

### US20130233755A1

The container is integrated with a commercially licensed or third party supplied internal covert electronic sensor package consisting of a possible combination of an internally mounted, geo-location detection ...

### KR20120014820A

The present invention relates to a container ship having a photovoltaic device, and more particularly to a container ship having a photovoltaic device that can reduce the cost per unit power by producing ...

### US8353167B2

The present invention relates generally to an environmentally friendly refrigeration unit and more particularly solar-powered refrigeration container that allows stored foods, beverages and other ...

### WO2021001852A1

Disclosed herein is a solar powered cold storage system for providing refrigeration of a container (112) and its contents which comprises one or more solar panel (102) with photovoltaic modules, where ...

**1mwh** (500kw/1mw)  
AIR COOLING  
ENERGY STORAGE CONTAINER

### SOLAR ENERGY CONTAINER SYSTEM AND METHODS

More specifically, the present disclosure is directed to a solar energy cargo system capable of receiving and storing solar energy, and powering electric or hybrid electric vehicles using the received solar ...

### Solar-powered refrigerated container

[0065] As stated above, the solar-powered container 10 of the present invention is not only powered by the solar energy gathered by the solar collector 26, but it also has an internal ...

### U.S. Patent for Containment, storage and shipping of lithium batteries

2. Established a flexible coating system, particularly with the use of the FIREFREE 88 coating, based on our extensive testing on many different material substrates, that can be used in ...

### Lightweight And Collapsible Or Foldable Patents (Class 136/245)

Lightweight And Collapsible Or Foldable Patents (Class 136/245) Solar axis tracking system for portable container unit with retractable photovoltaic solar panels Patent number: 12316270

### Solar Energy Type Patents (Class 136/206)

An anchoring system maintains positional stability using concrete blocks interconnected by plastic-coated stainless-steel wires. A bi-facial solar photovoltaic panel is supported by the cross ...

### Taiwan's Foxconn Patents Solar-Powered Data Center Container

Taiwanese electronics manufacturer Foxconn Technology Group, which produces everything from Apple's iPhone and Microsoft's Xbox One to HP servers, has patented two data ...

### Shipping container patented technology retrieval search results

Patsnap Eureka AI that helps you search prior art, draft patents, and assess FTO risks, powered by patent and scientific literature data. A shipping container is a container with strength suitable to ...

## SOLAR PANEL PROTECTIVE CONTAINER APPARATUS AND SYSTEM

The present invention relates to the field of solar power generation substrates and systems, and more specifically relates to a solar panel protective container apparatus and system configured to protect ...

## Thermal energy storage systems including a shipping container, a ...

A thermal energy storage system includes a container and a heat exchange apparatus disposed within the container. The heat exchange apparatus includes a tank, a manifold at least partially disposed ...

## UL Solutions Debuts Testing and Certification Framework for Safer ...

Our new plug-in solar system certification program gives manufacturers and consumers the clarity they need to embrace plug-in solar systems with confidence.

## 20140238467 SOLAR POWERED CONTAINER

This patent search tool allows you not only to search the PCT database of about 2 million International Applications but also the worldwide patent collections. This search facility features: flexible search ...

## **SolaraBox Solar Containers , Products & Configurations**

Expert Team Our core team brings 15+ years in renewables and container manufacturing. From system design to factory testing, we size and deliver SolaraBox Mobile Solar Containers that meet site ...
