

Solar container vehicle accident

Overview

Operations at the Port of Los Angeles were disrupted on Thursday afternoon, 26 September, when a tractor-trailer carrying a container loaded with lithium iron batteries overturned near Ocean Boulevard and Navy Way on Terminal Island. Drone video captured a lithium ion battery explosion inside a cargo trailer near the Vincent Thomas Bridge and the Port of LA. A fire that ignited following a semi-truck crash along the shoulder of northbound I-15 in San Bernardino County, California, posed such a risk to the area that the highway had to be shut down for nearly two days, leaving. The Solarcontainer is a mobile system that can be used for both on- and off-grid purposes, including rescue missions and gatherings.
