

# **South america new solar container solutions**

## Overview

---

Major projects now deploy clusters of 20+ containers creating storage farms with 100+MWh capacity at costs below \$280/kWh. São Paulo, Brazil, August 29th, 2025 -- Sungrow, the global leading PV inverter and energy storage system provider, showcased its latest innovations in solar and storage technologies at Intersolar South America, held August 26-28, 2025. The company is accelerating its regional expansion with a strong focus on BESS solutions, technology integration and a local footprint across four countries. Pre-fabricated containerized solutions now account for approximately 35% of all new utility-scale storage deployments worldwide. " Laayoune Haichen's partnership with Eletrobras created the continent's first solar-storage microgrid in Amazonas - keeping lights on even during monsoon season. With solar capacity expected to grow by 200% in Chile alone by 2030 [4], companies like Canadian Solar's e-STORAGE and CL Energy Storage are.
