

Swedish solar container exhibition

Overview

From 3-5 February 2026, the international solar and energy industry will gather in Jönköping, Sweden, for Elmia Solar – the leading Nordic arena for renewable energy solutions. As Sweden’s renewable energy landscape continues to expand, Solarplaza is returning to Stockholm on 5 March 2026 for our 3rd PV & Storage Summit: A hotspot for market insights, networking opportunities, and a chance to meet key industry players! Sweden’s PV capacity grew by 847 MW in 2024 and is. Elmia Solar brings together everyone connected to the solar energy industry to conduct business, network, and discover innovations. The exhibition is the heart of the conference and a key meeting point for the whole industry.
