

Tesla solar container wall price

Overview

Installation costs vary depending on your installer, but our 2025 survey of 1,000 recent home solar customers revealed that the average price to install a Tesla Powerwall is \$7,466. This pricing reflects the responses of 81 Tesla Powerwall customers across the United States. A Tesla Powerwall typically costs between \$7,466 and \$16,779, but your install pricing could differ based on location, incentives, and discounts. Clicking “Get Your Estimate” submits your data to All Star Pros, which will process your data in accordance with the All Star Pros Privacy Policy. While it’s more expensive than some other solar batteries, the Powerwall’s higher capacity and smart energy features often make it a better long-term.
