

# **Tirana participates in solar container power station**

## Overview

---

Summary: The Tirana Wind and Solar Energy Storage Power Station exemplifies cutting-edge hybrid renewable energy solutions, combining wind, solar, and advanced battery storage to stabilize grids and accelerate decarbonization. Pre-fabricated co any PV modules are in a solar container?

The innovative and mobile solar container contains 196 PV modules with a maximum nominal. With construction crews breaking ground last month, this 300MW/1200MWh facility isn't just another battery project - it's shaping up to be the region's first grid-scale storage solution using cutting-edge lithium iron phosphate (LFP) technology [1]. APR Energy designed, built, and commissioned a 60MW temporary power plant to help the Peruvian government alleviate its power supply constraints.
