## Overview

---

Directory of trade and professional organizations serving the solar industry sector. The California Solar & Storage Association (CALSSA) is the state's largest clean energy business group with over 700 member companies representing an array of businesses that manufacture, design, install, finance and provide other resources. The rise in the popularity of solar energy comes with the rise of the number of organizations and associations that aim to promote this form of renewable energy even further. Governments, humanitarian organizations, and private enterprises are focusing on solar containers to deliver sustainable, emission-free power for disaster relief, military operations, rural electrification, and construction projects.
